“Farm Fresh From Our Family to Yours”

## Bulk Beef Pricing

We offer not only individual cuts of meat, but offer the ability to purchase ¼, ½, or whole of either beef or pork. The pricing works out to be an all-inclusive price with processing, packaging included, no additional fees. Purchasing in bulk allows you to secure the availability of your families food (which at times could be sold out in our store), in addition to the ability to save on the cost of meat over retail. We have simplified our buying process to eliminate the confusion that typically comes with purchasing in bulk, no worry about live weight, hanging weight, processing costs, etc.
